TRANE XV95 FURNACE Premium heating meets super efficiency

TRANE XV95 features:

Efficient performance

The XV95 is rated with up to 96.7% AFUE and is Energy Star qualified.

Comfortable, even heating

Variable speed fan motor adjusts speed to provide a consistent flow of warm, comfortable air with quiet operation.

Durable construction

Materials for all components are tested again and again for long-lasting performance and durability.

Better indoor air

Add a Trane CleanEffects air filtration system to remove up to 99.98% of airborne allergens from the filtered air for a cleaner more comfortable home.

TRANE GAS AND OIL BOILERS Energy efficient warmth you can depend on

* Shown with Riello Burner Accessory, models may vary

You can count on comfortable heat, not high fuel costs with Trane's energy efficient boilers. Our boilers feature cast iron heat exchangers that quietly maximize heat transfer and fuel efficiency up to 86.7 % AFUE, so you use less fuel to warm your home. Trane boilers are also attractively designed and built to last, making them a solid investment if you're upgrading or replacing your existing heating system. And because they are backed by our industry-leading warranties you know you can expect reliable operation year after year.

TRANE XLi AIR CONDITIONERS AND XLi HEAT Pumps A unique solution for better airflow

TRANE XLi features:

Efficient performance

The XLi's SEER rating of up to 17.90 and HSPF of up to 9.0 make it an energy efficient choice for home comfort.

Improved airflow

Unique Trane engineering provides a low-resistance flow of air for increased comfort throughout your entire home.

Durable construction

Materials for all components are tested again and again for long-lasting performance and reliability.
